

DDTC
United States Department of State

Washington, D.C. 20520

March 19, 2010

Dear Madam Speaker:

Pursuant to Sections 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad that also exceeds \$100,000,000.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services for the manufacture of MK73 Mod 3 Solid State Transmitters, subassemblies and associated components, and piece parts for the NATO Seasparrow Program for the United States government, NATO Consortium Member Countries, and other approved non-NATO member countries.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard R. Verma".

Richard R. Verma
Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 10-010
